

## Nueva SWI Terms & Concepts Project: Words So Far...

Click any hot link to find information about the structure history and relatives of these words. Many of these resources are posted on the "[Investigations](#)" page of [Real Spellers](#).

Many of these resources represent the interrelation of orthographic morphological families and etymological families by showing one or more morphological matrices within an oval. The oval represents members of the same etymological family -- those that share a root. You can study these ideas at [THIS LINK](#) on the "structure and meaning test". That page includes a video of me introducing these concepts to a Grade 5 class.

Peter Bowers, Nov.11, 2015

1	family	26	<a href="#">science</a>	51	<a href="#">subjugation</a>
2	friend	27	variable	52	conflict
3	<a href="#">journal</a>	28	hypothesis	53	metaphor
